

Salesforce Lead - Job Description

Overview

Veltique Software is seeking an experienced Salesforce Lead to drive solution design, technical delivery, and client success across enterprise Salesforce projects.

Job Details

Position: Salesforce Lead
Location: Ahmedabad
Employment Type: Full Time
Experience: 7+ Years

Key Responsibilities

- Lead Salesforce implementation and enhancement projects.
- Gather and analyze business requirements.
- Design scalable Salesforce solutions.
- Provide technical guidance and mentorship.
- Manage project delivery timelines.
- Support integrations with third-party systems.

Required Skills

- Strong knowledge of Salesforce Sales Cloud and Service Cloud.
- Expertise in Apex, LWC, Flows, and Integrations.
- Experience with Salesforce security and sharing models.
- Understanding of REST and SOAP APIs.
- Proven experience leading Salesforce implementation projects.

Educational Qualifications

- Bachelor's Degree in Computer Science, Information Technology, Computer Engineering, or a related field.
- Master's Degree (MCA/M.Tech) is an added advantage.
- Strong understanding of software development principles and cloud technologies.

What We Offer

- Flexible work environment.
- Opportunity to work on enterprise-level Salesforce projects.
- Continuous learning and professional development opportunities.
- Exposure to modern Salesforce technologies and solutions.
- Career growth within a senior-led consulting organization.
- Collaborative and innovation-driven work culture.

Why Join Veltique?

At Veltique Software, you'll work alongside experienced architects and consultants, helping organizations transform their business processes through Salesforce technology while advancing your own career in a supportive and growth-oriented environment.
